SMU SENIOR HIGH SCHOOL OPENS

Registration now on-going!

WELCOME to the Senior High School of Saint Mary’s University! A new building, five story high with 36 classrooms, a canteen and an auditorium at the 5th floor, had been built just for this purpose. The building located at the 7 hectare SMU-main campus is also known as the Joseph Vanden Daele (JVD) building. The faculty members are Licensed Professional Teachers by the Philippine Regulatory Commission, and have a masters degree doctoral degree in their area of specialization. For specialized tracks, university professors and instructors will also be tapped by the University for more advanced instructions and practice. Facilities already available for the students are: 30 science/medical laboratories available for STEM-Track, 13 internet laboratories, 7 specialized laboratory for HRM or business track, (with a new building ready for occupancy by June 2016), libraries housed in 2-four story buildings, a gymnasium that can accommodate approximately 250+ students, and also, men & ladies dormitories, walking distance to the school.

SMU offers low tuition fee. All Junior High School completers, are eligible to receive financial support from Dep. Ed.’s Voucher program. A student-graduate from public school will receive P17,500 while those from private school with ESC will be awarded P14,000 (Visit us @ the GTO for more details).
