New Frontier: Career Campaign 2015

Marians crossed the threshold on 2015 Career Campaign as they go to Nueva Ecija, Batangas and Pangasinan.

The university has been to provinces like Nueva Vizcaya, Isabela, Quirino, and Ilocos for the past year, as part of the Marian Campaign. It aims not only to advertise the school and encourage more students to be part of the Marian community, but also to help them in their career decision-making.

Saint Mary’s University campaigned itself as an institution with a quality education and considered as one of the best schools in the region. It proudly highlighted its numerous achievements like maintaining a high percentage of passing in Licensure Examinations, PASCU, and its status as a college.

The schools visited for the Career Campaign were the following: San Jose City - Saint Joseph School, Conrado Padilla National High School, Mercedes Manila; Muller – San Sebastian High School; Aurora – OLPC, Dinadiawan National High School, Bontangan National High School, Dalia National High School, Jr. John Kasas High School, Pangasinan National High School, Baler National High School, Aurora Sciences High School, Aurora National High School, Dipaculan National High School, Maria Aurora National High School. The university also extended to some schools in Pangasinan Province, Sacred Heart Academy, Lupon, Luna College (High School), Tayug National High School, Blessed Angeles High School, Saint Mary’s Dominican School, and Juan C. Laya National High School. "Students in these provinces were never hard to reach, says one of the Shepherd-Counselors who went for the Career Campaign. (by Jonalyn Ramos)

NEW Information and Admission (IAS) Office Opens

In line with the core values of Saint Mary’s University, its administration launched a new service that will facilitate and simplify the enrollment process for the incoming Marian grade 11 and transfer-in students. With the initiative of the SMU-administration, the Information and Admission Service (IAS) was launched on April 2015 to cater to the admission inquiries and concerns of the incoming students of the university. The office provides assistance to the students’ admission by providing them information about the university, the courses offered, the admission process, and requirements, and the like. It is also the head office in assisting the incoming students during their enrollment. The IAS office is located at the 1st floor of the Fr. Rojer Tjolle Building (RT101).

The Shepherd-Counselors, together with each school representative, stay in the office (especially during Grade 11 enrollment) to provide the said services. (by Prima Sales)

Registration for incoming Grade 11 is on going since October 19, 2015: Scholarship, discounts and voucher program are avail-
